# DESIGN SYSTEM - STYLE GUIDE

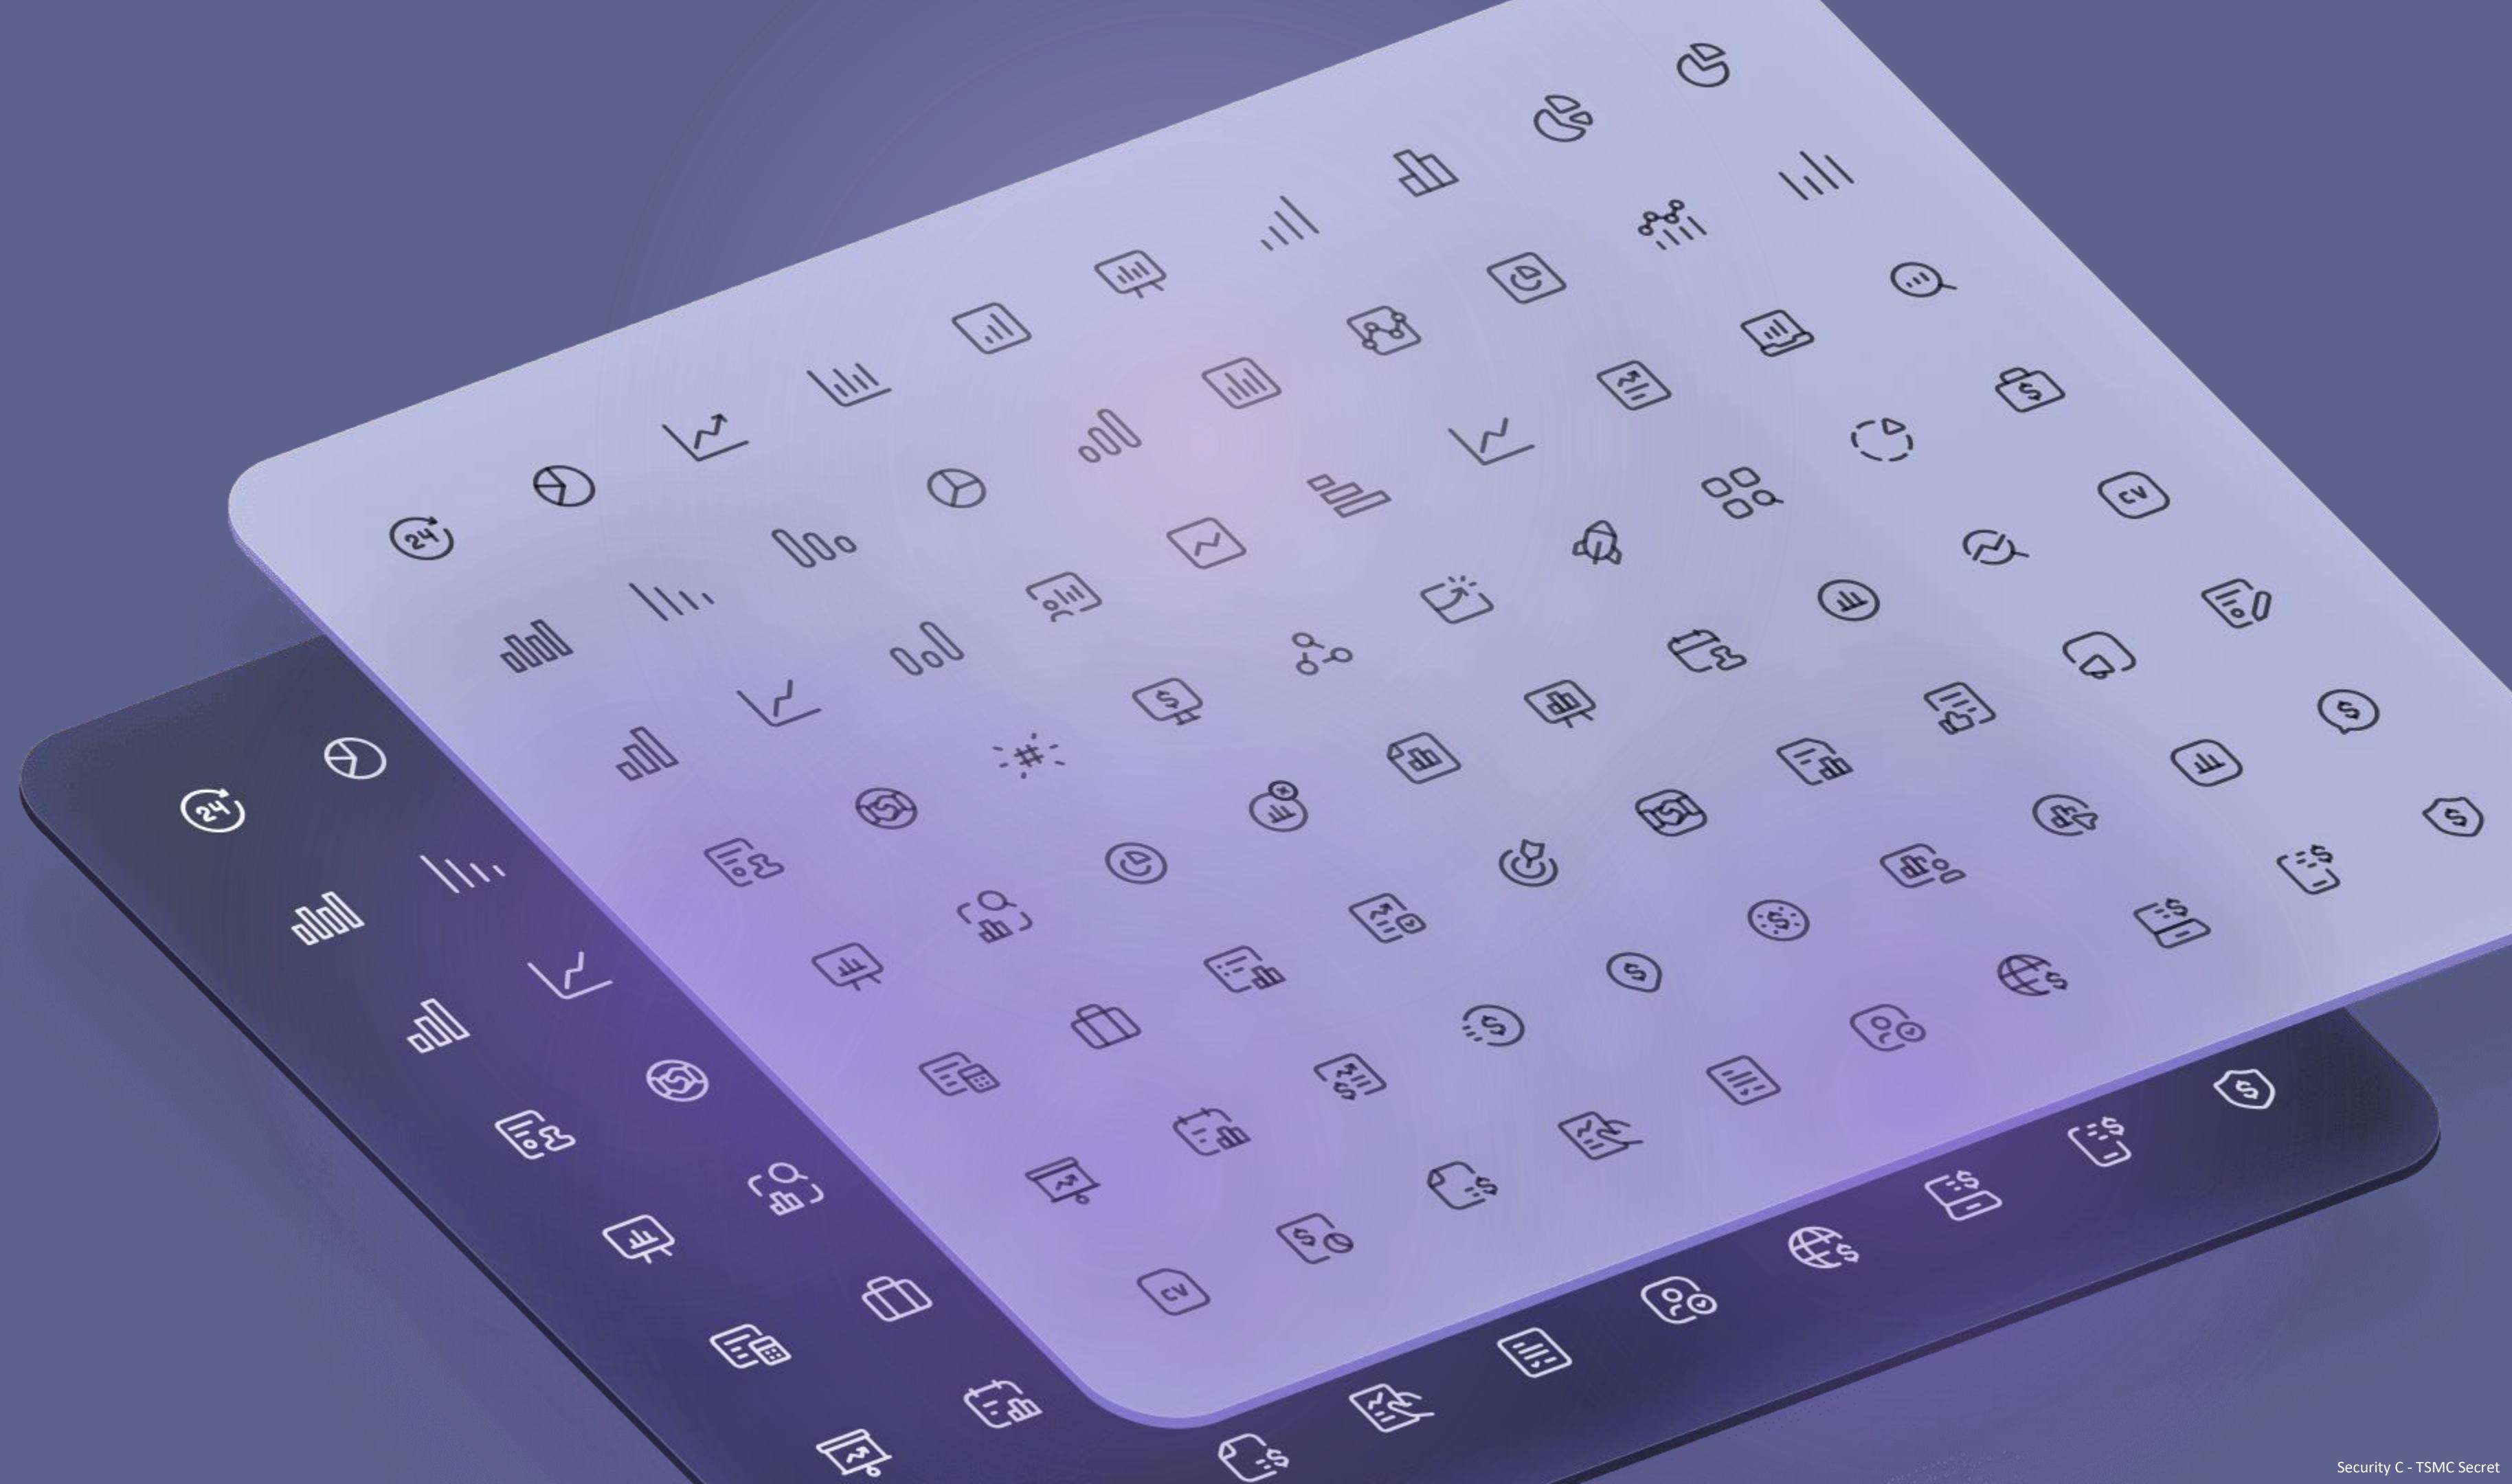

TEXT STYLES

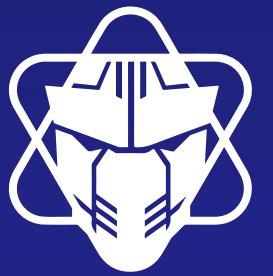

COMPONENTS

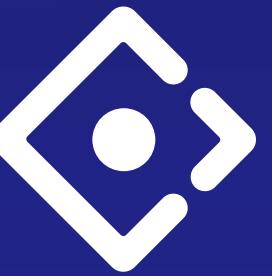

COLORS & GRADIENTS

## Prime React

- 透過 Design Token 及 SASS 變數客製樣式變數
- 不足的部分再利用 CSS 或 SASS 覆蓋原有的樣式表
- 已有引入 DESIGN TOKEN 的概念管理設計條件
- 仍採用傳統方式開發 CSS

## Ant Design

- 透過 LESS 變數控制 (LESS功能與SASS類似，都是樣式的預編譯工具)
- 不足的部分再利用 CSS 或 SASS 覆蓋原有的樣式表
- 仍採用傳統方式開發 CSS

## MUI (Material UI)

- 透過 REACT 的 CONTEXT.PROVIDER API 管理樣式變數
- 透過 CSS-IN-JS 客製化元件
- 透過元件接口餵入 STYLE 屬性
- 使用上相當酷炫。但隨需求增加，會發現可客製化的深度有限。會需要自己想更進階的技巧克服。
- 結合現代 CSS 開發方式
- 與設計系統整合的嘗試
- 過分運用 CSS IN JS 僵硬了覆蓋樣式表的彈性
- 如果對應到 GOOGLE 本家的 DESIGN SYSTEM，是一套完美的工具

Initia

Artificial intelligence (AI), sometimes called machine intelligence, is intelligence demonstrated by machines, unlike the natural intelligence displayed by humans and animals. Leading AI textbooks define the field as the study of "intelligent agents": any device that perceives its environment and takes actions that maximize its chance of successfully achieving its goals.[3] Colloquially, the term "artificial intelligence" is often used to describe machines (or computers) that mimic "cognitive" functions that humans associate with the human mind, such as "learning" and "problem solving".

## Secure NB 1280X720

This screenshot shows the myTSMC user interface on a 1280x720 resolution screen. The page displays a user's profile information, including their name (房漢文 / Han-Wen Fung), title (處長), and工號 (009514). It also lists various contacts and their details, such as Frank Lin (林均志) and Jason Li (李杰士). The layout is clean with a white background and standard font sizes.

## Secure NB 1440X1024

This screenshot shows the same myTSMC profile page on a 1440x1024 resolution screen. The overall layout remains consistent with the 1280x720 version, but the text appears slightly larger and more readable. The contact list is fully visible, and the interface looks sharp and clear.

## Secure NB 1920X1080

This screenshot shows the myTSMC profile page on a 1920x1080 resolution screen. The text is significantly larger and easier to read compared to the lower resolutions. The contact list is fully visible and clearly legible. The overall presentation is very sharp and professional.

TabIndex Focus

The screenshot shows the myTSMC website interface. At the top, there is a header with the TSMC logo, a search bar containing 'Keyword' with a dropdown menu set to '全部', and a user profile for '鄭雅士'. A blue arrow points from the text 'TabIndex Focus' to the search bar area. The main content area features a large image of a modern building with the text '台積科技院 - 恭喜台積科技院新晉成員'. To the right, there are sections for '創辦人談話', '董事長談話', '總裁談話', '高階主管談話', '董事長談話', and '總裁談話', each with a portrait photo and a link to '文章列表'. Below this, there are four news cards: '每日新聞 >', '內部訊息 >', '員工意見反映管道 >', and 'COVID-19防疫政策 >'. The footer contains a copyright notice: 'Copyright © 2021 Taiwan Semiconductor Manufacturing Company, Ltd. All rights reserved.'

# ON BOARDING TUTORIAL FOR NEWCOMER

Welcome! myTSMC 3.0 is launched!

We have evolved many new features with a better experience! Let's check it out!

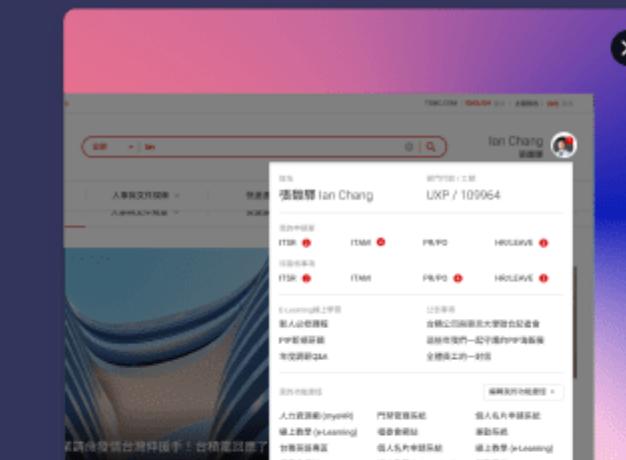

[Get Started](#)

Smart and Powerful Search Function

Classification search and recommended terms let you search quickly.

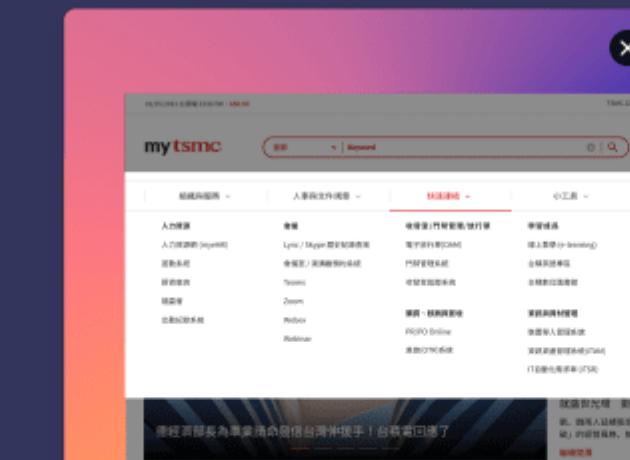

Next >

Sweet and Convenient Dashboard

Personal assignments and custom quick links Integration let you work efficiently.

Previous Next >

Clear and Brand New MegaMenu

The redesigned and organized Mega Menu makes your browsing experience smoothly.

Previous Next >

Awesome Dark Mode

Easily switch between light or dark mode. It helps to protect your eyes.

Previous Try it now

## Help Center

Select from side menu to start with your question solving. Or you can directly contact with staff from table below corresponding to your question:

General enquiry on adding service listing on TSR and related maintenances, e.g. stakeholder JOS or quit or listing detail changes.

Vincent Kuo

Enquiry on business owner setting policy for using account/privilege service type in TSR.

Fred Lin

General enquiry on DBA Service type and its default inclusion for product category listing in TSR.

Tom Yang

General enquiry on adding and maintaining TSID system services in TSR, both general services & system enhancement services.

Emerson Tu

How can we help you?
